Product Focus: "New in 2007"

## **Online F&I Resource**

*November 2006*

Priority One Financial Services, St. Petersburg, Fla., recently launched its Dealer Resource Center (DRC), proprietary F&I technology that allows dealers to check the status of their finance deals online as well as communicate with their loan consultants at Priority One. The DRC is an easy-to-use online portal that shows a dealer the status of every deal during every step of the financing process.
